1. PURPOSE

This directive transmits the fee schedule and billing codes for official services performed by the Grain Inspection, Packers and Stockyards Administration, Federal Grain Inspection Service (FGIS), under the United States Grain Standards Act, as amended, and the Agricultural Marketing Act of 1946. Additionally, the directive transmits the fee schedule for supervision of grain inspection and weighing services applicable to official inspection agencies.

2. REPLACEMENT HIGHLIGHTS

This directive revises the billing codes for official services performed by FGIS and revises the fee schedule for official inspection and weighing services as published in the Federal Register on December 30, 2016, (81 FR 96339) with changes effective January 1, 2017.

This directive supersedes FGIS Directive 9180.74, dated 10/01/2015.

3. AUTHORITIES

The United States Grain Standards Act (USGSA), as amended

The Agricultural Marketing Act of 1946 (AMA)

Title 7, Code of Federal Regulations, Parts 800 and 868

4. POLICY

According to the USGSA, fees assessed by FGIS for official services shall be reasonable, nondiscriminatory, and cover the estimated cost of the service. These costs include direct, administrative, and supervisory costs related to these services.

The USGSA and regulations also mandate that FGIS adjust fees for official inspection and weighing services on an annual basis. First, FGIS adjusts the fees based on tonnage to align administrative and supervisory costs to match the average of the previous five years of tonnage inspected and/or weighed. Then, FGIS adjusts all fees for official inspection and weighing upward or downward to maintain an operating reserve of 3 to 6 months of operating expenses.

5. FEES AND BILLING CODES

The attachments transmit the fees and billing codes for official services provided by FGIS.
